

## Volunteer Board of Directors Positions

Would you like to volunteer your organizational and leadership skills to help us find forever homes for homeless dogs and cats? The Etobicoke Humane Society (EHS) is an independent, all-volunteer organization with a mission to protect, care for and advance the welfare of animals supported exclusively by donations. We are a no-kill shelter with an outstanding team of volunteers and we continue to grow. 2018 was another record setting year as we helped even more dogs and cats find loving homes.

To maintain our growth and continue helping animals in need, we are looking for volunteers to govern our organization on our Board of Directors. The Board is responsible for developing, implementing and monitoring strategies and policies that will enable EHS to meet its goals and carry out its work. The Board is elected by, and accountable to, its membership.

Our Board is made up of 9 members: President, Vice President, Treasurer, Secretary, and 5 Directors at Large. At our AGM on June 22<sup>nd</sup> we will be looking to fill the position of President as well as five Director at Large positions via election by our membership for a two year commitment.

The time commitment is approximately 6-8 hours per week and most of the support can be done remotely. The hours are totally flexible, with the exception of monthly Board meetings. Key skills and experience for the role are leading organizations, strategic planning, and ability to navigate complex challenges and ambiguity. Animal care, legal, fundraising and/or Board experience is a plus! If you are eager to contribute to our cause then that is most important skill needed.

The rewards of this role are that you get to work with a great group of people and set the direction for the EHS organization while contributing to finding forever homes for the animals in our care. You will be making a difference to the animals and to the community. EHS is well positioned to continue to grow and improve and you would be a big part of that change.

If this sounds like something you might be interested in then please submit an application and we will make sure you are contacted.
